

Material Safety Data Sheet

Section 1. Prod	uct and Company	/ Identificati	on 		Ke	2 74276
Product Name	PROFESSION DISINFECTA (AEROSOL)				MSDS#	Not available.
Product Description	A professional disinfe and mildew.	ectant spray the	at kills viruses, bad	cteria, mold	Validation D Print Date	ate 8/8/2002 8/9/2002
Manufacturer	Reckitt Benckiser Inc. 1655 Valley Road Wayne, N.J. 07474	Reckitt Benckiser Inc. 655 Valley Road			In case of	Telephone: 800-677-921
Product Identifier		EPA Reg. No. 777-72-675; Original Scent, Fresh Scent, Country Scent®, Crisp Linen®, Spring Waterfall™, Summer Breeze™.			Emergency: Transportation	(Professional Products) Chemtrec: 800-424-9300
Item Number	36241-04675-07	Emergendes: (ILS & Canada)			(U.S. & Canada)	
Formula Number	432-124A (F/F 359979) Original Scent, 73-087 (F/F 356593) Fresh Scent, 147-082 (F/F 356595) Country Scent® 258-011 (F/F 356597) Crisp Linen® Scent, 550-095 (F/F 367851) Spring Waterfall™, 629-183C (F/F 372171) Summe Breeze™ Scent.					
UPC Number	36241-04650 Original; 36 Waterfali™ and 38241-74	241-04675 Fresh 5 520 Summer Bree	Scent; 36241-74260 Co ze™ Scent, all 19 oz. siz	ountry Scent; 3 se.	6241-74827 Cris	sp Linen® Scent; 36241-75523 Spring

Emergency Overview		mmable. Cont	ents under pressure	. Causes e	ye irritation. I	Do not spray in eyes, on skin or o
	Keep away from		and open flame. E	xposure to t	emperatures	above 130° F may cause bursting
	KEEP OUT OF	REACH OF CH	IILDREN.			
Section 4. First	Aid Measures					
Eye Contact	Immediately flush eyes thoroughly with water, remove any contact lenses, and continue to flush eyes with plenty of water for at least 15 minutes. Get medical attention if irritation persists.					
Skin Contact	If on skin, wash with plenty of soap and water. If irritation occurs or persists, get medical attention.					
Inhalation	If required, remove to fresh air.					
	Rinse mouth and drink a glass of water. If symptoms persist, consult a physician. NEVER give as unconscious person anything to ingest.					

	Explosion Data		
Flammability	Flammable. See Section 14 for any Shipping Classifications.		
Flash Point	Not applicable. Aerosol flame extension greater than 18 inches or 45 cm.		
Explosive Limits in Air	LOWER: 3.3% UPPER: 19%		
Products of Combustion	Not available.		
Fire and Explosion Hazards	CONTENTS UNDER PRESSURE. Do not use or store near hear or open flame. Do not puncture or incinerate. Exposure to temperatures above 130° F (55° C) may cause bursting.		
Fire Fighting Media and Instructions	Water spray, foam, dry chemical or carbon dioxide. Use media suitable for surrounding fire. Use water spray to cool fire exposed containers.		
Special Fire Fighting Instructions	Wear self-contained breathing apparatus and protective equipment appropriate for fighting a typical chemica fire. Move containers away from fire if possible and safe to do so. Provide shielding for venting, rupturing obursting containers.		
Section 6. Accidenta	al Release Measures		
Accidental Spill	Small spills: Soak up any spilled liquid with an inert absorbent material and dispose of in an appropriate waste container. Rinse surface reside and flush to sink or sanitary sewer.		
	For large spills due to ruptured containers, eliminate all sources of ignition and ventilate the area with equipment rated for use in flammable environments. Dike, contain and collect liquid and store in meta containers for disposal according to local, state and federal regulations.		
Section 7. Handling	and Storage		
Handling and Storage	WARNING: Flammable. Contents under pressure. Causes eye irritation. Do not spray in eyes, on skin or or clothing. Keep away from heat, sparks and open flame. Do not expose to heat or store at temperatures above 55° C (130° F) as container may burst.		
	Store in original container in cool, dry areas inaccessible to small children. Do not puncture or incinerate container. KEEP OUT OF REACH OF CHILDREN.		
Section 8. Exposure	container. KEEP OUT OF REACH OF CHILDREN.		
Section 8. Exposure Ventilation Requirements	container. KEEP OUT OF REACH OF CHILDREN. It is a violation of federal law to use this product in a manner inconsistent with its labeling. • Controls/Personal Protection None required under normal use conditions. For occupational situations, use sufficient ventilation to keep		
	container. KEEP OUT OF REACH OF CHILDREN. It is a violation of federal law to use this product in a manner inconsistent with its labeling. Controls/Personal Protection		
Ventilation Requirements Eye Protection	It is a violation of federal law to use this product in a manner inconsistent with its labeling. **Controls/Personal Protection** None required under normal use conditions. For occupational situations, use sufficient ventilation to keep hazardous ingredients below their Threshold Limit Values (see Section #2). None required under normal use conditions. When handling in large quantities or responding to emergency situations, the use of appropriate eye protection is recommended. Emergency responders should wear full eye.		
Ventilation Requirements	It is a violation of federal law to use this product in a manner inconsistent with its labeling. Controls/Personal Protection None required under normal use conditions. For occupational situations, use sufficient ventilation to keep hazardous ingredients below their Threshold Limit Values (see Section #2). None required under normal use conditions. When handling in large quantities or responding to emergency situations, the use of appropriate eye protection is recommended. Emergency responders should wear full eye and face protection.		
Ventilation Requirements Eye Protection Skin Protection	It is a violation of federal law to use this product in a manner inconsistent with its labeling. **Controls/Personal Protection** None required under normal use conditions. For occupational situations, use sufficient ventilation to keep hazardous ingredients below their Threshold Limit Values (see Section #2). None required under normal use conditions. When handling in large quantities or responding to emergency situations, the use of appropriate eye protection is recommended. Emergency responders should wear full eye and face protection. None required under normal use conditions. Emergency responders should wear impermeable gloves. None required for normal recommended use, avoid prolonged breathing of vapors. A self contained breathing apparatus (SCBA) should be used by emergency responders to avoid inhalation of the vapors which may be

Section 10. Stability and Reactivity Data

Chemical Stability	The product is stable.	
Conditions of Instability	Keep away from heat, sparks and open flame. Do not puncture or incinerate container. Exposure to temperatures above 130°F (55° C) may cause bursting.	
Incompatibility with Various Substances	Strong oxidizing agents	
Hazardous Decomposition Products	Carbon dioxide, carbon monoxide, and unidentified organic compounds may be formed during therm decomposition.	
Hazardous Polymerization	Will not occur.	

Section 11. Toxicological Information

Exposure effects

Eye Contact	Causes eye irritation.		
Skin Contact	None expected. May cause skin irritation upon prolonged or repeated contact.		
Inhalation	None expected.		
Ingestion	Ingestion is unlikely through the normal anticipated use of this product. Ingestion of small quantities is not expected to cause any significant adverse effects. Contains denatured ethanol; ingestion may result in ethanol poisoning.		
Carcinogenicity	Not listed as carcinogenic by OSHA, NTP or IARC.		

Section 12. Ecological Information

Ecotoxicity	Not available.
